

STATEMENT OF SUBSTANCE OF INTERVIEW

Initially, Applicant wishes to thank Examiner Akintola for conducting an interview with Applicant's representative, Shirley Anderson, on April 1, 2009. Applicant's representative wishes to thank Examiner Akintola for his time and consideration.

During the interview, the claimed subject matter of the application and the references were discussed. In particular, Applicant's representative presented arguments along the lines of those set forth below in the section entitled "Claim Rejections 35 U.S.C. §103". Specifically, Applicant's representative presented arguments on how the references do not teach or suggest features, such as real-time via a live pricing feed.

Also discussed during the interview were proposed amendments to the claims. In the interest of expediting prosecution of the application, and without conceding the propriety of the rejection, Applicant's representative proposes to amend the independent claims to further clarify features of Applicant's claimed subject matter. Applicant's representative appreciates Examiner Akintola's suggestions on overcoming the §101 rejections.

Applicant's representative understands that Examiner Akintola tentatively agrees that the proposed amendments overcome the outstanding rejections based on §101 and §112. Examiner Akintola indicates that an updated search would be needed for the proposed claim amendments, and requests that the proposed amendments be presented in writing. Applicant's representative submits the amendments in writing in this Response to the Office Action.
